GRADUATION

Congratulations

WHERE ENGINEERING MEETS CREATIVITY

As for my career, I plan to use my time as a Transducer Engineer with Nordson to feed my passion for creation. Alongside finishing some electronics projects for the medical field, I also plan on publishing some novels, and starting/growing my catering business.

MY FAVORITE CAMPUS MEMORY

I think one of my favorite memories at EWU is discussing literature with Dr. Polski and Dr. Hillmann. Their classes were some of the most fun I've had here, and I've made some valuable friends there as well.

APPRECIATION

I also want to thank

Dr. Injoo Kim

Dr. Julie Zhang

Dr. Ash, for all of your help.

Mr. Rick Antunez for all of their help
throughout my time on campus

Matthew Miller
